Who We Are

Common Ground was founded in 1971 by a group of students, parents and community leaders who were concerned about an increase in substance abuse and suicide among young people. Today, Common Ground is a 24-hour crisis services agency dedicated to helping youths, adults and families in crisis. Through its crisis line and in person, Common Ground provides professional and compassionate service to thousands of people each year.

Our vision for the future is that our efforts will continue to result in positive changes in people's lives and throughout their communities, which will lead more people to feel safe asking for help.

We are dedicated to developing and implementing the innovative strategies required to achieve our vision.

The Purpose

Proceeds from this year's event will benefit the Victim Assistance Program (VAP) and preserve support programs and services at Common Ground.

The Victim Assistance Program assists victims of all crime at no cost. People who have been victimized by homicide loss, sexual assault or abuse, domestic violence, elder abuse, assault and robbery can receive services to reduce immediate trauma through advocacy, crisis counseling, legal consultation, support groups, referral services and more.

After someone has been victimized from a crime, they often face trauma physically and emotionally. Additionally, their sense of safety and privacy can be at risk. But the aftermath of crimes effects more than just the individual - it effects other family members, friends and community members. Common Ground's VAP team is there to support victims, but also raise awareness and provide training to community service providers. Federal funding has been cut drastically in 2022. Funds raised from this event will ensure our team can continue to offer services to our most vulnerable people and communities.
