If a picture is worth a thousand words... *What's the rest of the story?*

Come hear an easy-to-understand overview of the brain and its development.

Is Your Child Experiencing Issues with Reading, Anxiety, Attention, Depression or Developmental Delays?
Developmental concerns manifest themselves in a variety of ways.

- Academic, Social or Behavioral Issues
- Processing Disorders
- Lack of Focus
- Trouble Making Friends
- Tantrums
- Impulsiveness
- Learning Disabilities
- Sensory Integration
- Family/Social Relationships
- ADHD

Brain Balance®
ACHIEVEMENT CENTERS

Attendees will be entered to WIN a FREE ASSESSMENT at Brain Balance of North Oakland!

Getting Beyond the Symptoms and Diagnosis (ADHD, ODD, Anxiety, LD, Screen Addiction...)
What's the Rest of the Story?

- Do you ever wonder about the root cause of your child's symptoms/behaviors?
- Do you struggle with the negative side effects or lack of effectiveness of medications designed to manage symptoms?

Learn what the latest research says about natural, whole-child approaches that overcome the symptoms of some common diagnoses, and how to develop a reasonable and realistic approach to protecting our children and their development.
