OUR TRADITION YOUR VISION

THE COMMUNITY HOUSE

BIRMINGHAM

ELEGANCE. WARMTH. CARE.

Offering the ambiance of a perfectly manicured estate, the Community House offers a customized experience you won't find anywhere else.

MAKE IT MEMORABLE

The Community House has been bringing joy and satisfaction to guests since 1923. It is a popular location for those who value a beautiful setting and unmatched attention to detail. A non-profit with historical significance, the house and its staff are dedicated to going above and beyond.

Whether planning an exquisite wedding, holding a formal meeting, or organizing an intimate gathering, The Community House will anticipate all your needs and deliver on an exceptional experience.

THE ROSSITER BOARDROOM

This space was extensively updated in 2019 to capture the needs of professionals who don't think business always means basic black and white. With a combination of elegant sophistication and accessible functionality, you'll find it a welcome respite from the usual conference room.

Rich leather, warm cherry wood, and black marble design cues are enhanced by the presence of a majestic fireplace. Control the state-of-the-art environment remotely via touch-screen technology including climate controls and motorized blinds. The room comes with numerous amenities, including a 75" LCD TV/monitor, Apple TV 4K, surround sound audio system, high-speed WiFi, video conference camera, conference phone, wireless keyboard and mouse, and multiple input capabilities. The boardroom seats 12 around the table but with perimeter seating, it can hold up to a total of 20 guests.

THE SUITES

If you're in search of flexible space, the Suites are an excellent choice. Comprised of four separate rooms, they can be reconfigured to create a space as large or small as you require. The east wall allows for plenty of natural light, as tall windows extend the entire length of the room. Look out any of them, and you can enjoy a scenic view overlooking Shain Park.

Located on the second level, the Suites are totally separated from the rest of The Community House for added privacy. It is an ideal space for meetings and corporate events, as well as ceremonies, showers and smaller social gatherings. It also offers added accessibility of an elevator and a private restroom.

The Suites create a generous space that can hold up to 150 guests.

THE ROSSO LIBRARY

This polished, cozy, space has the look and feel of a classic library. Featuring dark woodwork with colorful accents of book spines scattered on the walls, this venue also offers natural light via the foyer located directly outside of the venue.

The Rosso Library holds up to 20 guests and is best suited for a smaller corporate gathering, intimate dining experience or ancillary space for a wedding.

A flexible, adaptable space, the Hoglund Room offers simplicity at its finest. Light, natural wood floors are surrounded by neutral walls bordered with crisp white wainscotting. The room is adorned with a beautiful coffered ceiling, impeccable granite, and tall windows that allow for abundant natural light. Use this quaint space as is or dress it as you wish.

The Hoglund Room is ideal for a multitude of events, from small weddings to corporate gatherings. It is outfitted with a wet bar and state-of-the-art technology, including a 75" TV with a camera and a sound system. This intimate yet adaptable space can accommodate up to 40 guests.

THE CLUB ROOM

Donated by The Senior Men's Club of Birmingham

This intimate yet impressive room provides the perfect balance of elegance and comfort. Light wood surrounds guests, punctuated by not one but two lovely focal points. One wall frames a classic working fireplace. At the other end, you'll delight in a pretty alcove where natural light can stream in.

Everywhere you look in the Senior Men's Club of Birmingham room, you'll find luxury details. Not only when it comes to décor, but in terms of modern features like large LCD television that is placed over the fireplace. This room can be opened into the Wallace Ballroom to provide more space.

Whether a corporate or social occasion, this refined setting is perfection and holds up to 40 guests.

THE WILSON ROOM

Behind the ballroom space lies the Wilson Room. A peaceful space, it is highlighted by pretty, white woodwork and is illuminated by light fixtures and a fireplace. The room connects to the main hallway which allows for optional natural light from adjustable door shades and easy access to the front entrance and restrooms.

As it can open directly into the Wallace Ballroom, the Wilson Room is often used as an additional space. As a standalone, the area is a wonderful setting for showers, corporate gatherings, and other occasions, as it holds up to 50 individuals.

THE WALLACE BALLROOM

For those seeking to make a majestic impact, the Wallace Ballroom is an obvious choice. Upon entering, the mood is set by the incredible Livy Reception Hall, complete with a stunning wine wall. The opulent lobby leads to an impressive expanse, framed by the freshness of white woodwork, more crystal chandeliers, and a detailed grand fireplace. High ceilings and a generous stage identify the Wallace Ballroom, allowing a convenient setting for speeches or entertainment. The room holds up to 260 guests, but for smaller groups, the adjacent Wilson Room and Club Room can be closed off, transforming the Wallace Ballroom into a smaller, more intimate gathering space. Just outside the ballroom lies a splendid terrace that envelops visitors in a lush, green space.

Last, but certainly not least, are the Ginger Meyer Bridal Suite and the Hoglund Room. The Ginger Meyer Bridal Suite is a gorgeous, elegantly appointed room, complete with a fireplace, comfortable seating, and a private en suite restroom. This added bit of beauty and serenity gives the bride and her closest friends and family a cozy place to prepare for their big day in complete privacy. Meanwhile, The Hoglund Room serves as a place where the Groom and Groomsmen can gather to prepare. The room has wonderful details, including a beautiful coffered ceiling, impeccable granite, tall windows, and a state-of-the-art technology system featuring a 75" TV and sound system.

THE VAN DUSEN TERRACE

Romantic with an urban twist, the Van Dusen Terrace brings your event outdoors, right in the heart of Birmingham. Attractive brick pavers give way to a charming black iron fence that surrounds the entire space. Everyone can take in a view of the green of Shain Park while enjoying cocktails, appetizers, or a deliciously crafted meal.

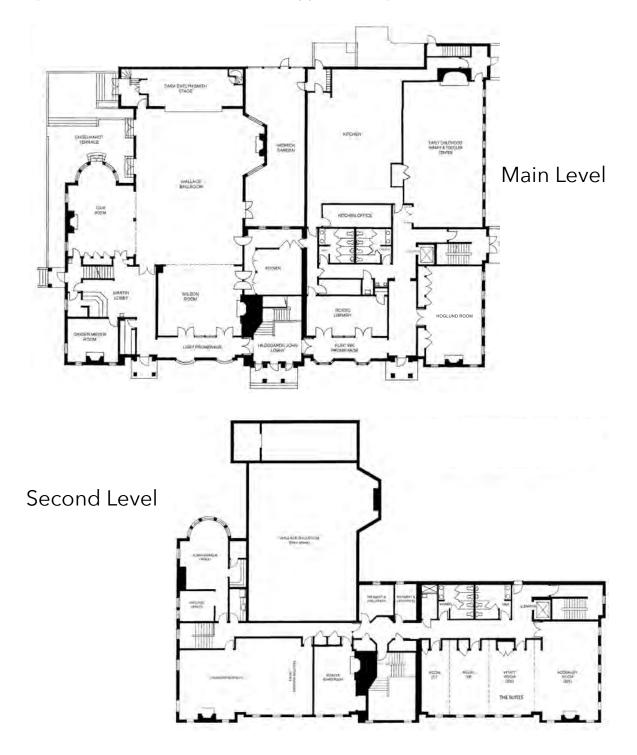

This graceful space allows for numerous amenities. A billowy, white tent is set up around the perimeter of the terrace. As it is lined with drapery, and lit up by lighted globes and twinkling lights, the veranda is enchanting once the sun goes down.

A mobile fan system, a sound system, and full power capabilities are also encompassed by the tent. Only available on a seasonal basis, the Van Dusen Terrace is offered from May through October, and holds up to 200 guests.

HERE TO ACCOMMODATE

Linens, tables, and chairs are included with every event. Our award-winning culinary experts craft exceptional food and beverages ranging from light appetizers to a full meal.

Keep in mind, we will artfully include all your personal finishing touches when it comes to decor, flowers, entertainment, photographer, videographer, or any other additional requirements necessary to perfect your event. Of course, audio-visual support is always available.
